

## Living Hope Farm's 2016-2017 Winter CSA

We are pleased to offer our fourth Winter CSA Membership! Growing in winter is difficult work, trudging through slush, snow, and freezing temperatures to harvest salad mix and dig fresh carrots. Limited light from the sun and below freezing temperatures make growing produce in the winter a task that most farmers do not even bother to attempt! Here at Living Hope Farm, we have a few tricks up our sleeves to protect our plants during the harsh Pennsylvania winters, to bring you the freshest most nutritious produce around! On Tuesday, November 22nd, we will be starting our Winter CSA Program.

**\*\*Please note pick up days are different during the winter season. There is one Tuesday pick-up (the week of Thanksgiving) and the rest are Wednesday pick-ups. The Pick-up times are also different than our regular season times.**
